Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the examiner has considered applicants' amendment filed October 12, 2005 and arguments therein.

Applicants' argument with regard to the statutory double patenting rejection made in the previous Office Action was persuasive; no double patenting exists between the instant claims and those of US 6,720,442. With regard to the obviousness-type double patenting rejection, applicants, in their response suggested that a terminal disclaimer was being filed to obviate said rejection; however, the examiner did not find said terminal disclaimer in the file. Upon further consideration of the instant claims, and those in US 6,548,706, of which claims the ODP rejection was made, the examiner found that there was no ODP issue. The examiner subsequently telephoned, and spoke with, applicants' representative on January 30, 2006, to indicate that a terminal disclaimer would not be necessary in this case. Accordingly, the examiner has withdrawn the rejections of record; the instant claims are now allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.
